Memo for: AD/Curriculum

From ; C/WOTS

Subject: Course and Program Reviews for FY 1986

1. In response to your 22 October memorandum, WOTS would like to request a delay in the planned review for FY 1986 of the RECORDS FOR AGENCY PERSONNEL until the next review session, if at all. THE RAP at this point is merely run twice per year for one day...and the last running received favorably trainee critique. There is a small user group out there and for the minimum resources expended, it appears to be a worthwhile investment

2. However, I would like to leave the Field Information Reports on the agenda. We will need to determine if the OC-A-REPORTS program has been able to absorb the user group as planned. I am hearing that there continues to be a group of people, small in number, that will need access to a course such as the FIR. Wish to confirm that we should have a Curriculum Committee decision on the FIR...a review is needed.

3. Under NEW COURSE (FY 1986), the Operations Course "A" is listed for review. Needless to say, the review is extremely active and I believe in the next couple of weeks this should stabilize and we should have a better handle on our objectives and where OTE is going with this course and its relatives.
